

Dietrich School Scientific Stockroom Special Order Policy

Special Orders for non-stocked items are not accepted at the Dietrich School Scientific Stockroom (DSS). The Stockroom has a wide assortment of over 600 items available for purchase including scientific consumables, office supplies, enzymes, chemicals and even some janitorial supply items. Furthermore, items previously available from special order suppliers are readily available in the PantherExpress System and most ship next day.

If you previously placed special orders from the suppliers that were designated for special order purchase through the Stockroom, here is a summary of how they should now be ordered if your item is not currently being stocked:

Supplier	PantherExpress	Functionality	Notes
Applied Biosystems	See Invitrogen	Punchout	A selection of items available for order through Invitrogen punchout or through PRISM
Invitrogen	Yes	Punchout	Order through PantherExpress
PerkinElmer	Yes	Punchout	Order through PantherExpress
Promega	Yes	Punchout	Order through PantherExpress or also available through Fisher
BioRad	Yes	Hosted Catalog	Order through PantherExpress
New England Biolabs	Yes	Hosted Catalog	Order through PantherExpress
Roche	Yes	Hosted Catalog	Order through PantherExpress
HyClone	No		Order through Fisher Scientific punchout; HyClone is a Thermo Scientific specialty brand
Pierce	No		Order through Fisher Scientific punchout; Pierce is a Thermo Scientific specialty brand

Still have questions regarding a non stocked item? If you, for example, would like a widely used product added to the stockroom we have a form to request a product addition. Visit the [DSS information page](#) and searching the FAQ's for this and any other topic. If you still have any questions or concerns regarding a non-stocked item, please contact the Stockroom personnel for assistance:
